We build intelligent products that scale.

AI-First. Innovation-Driven. Built for Growth.

Kramora AI is an AI-first engineering agency. Senior-only pods deliver custom ML, LLM applications, RAG systems, data platforms, cloud infrastructure, and the products on top of them - from idea to production, in weeks.

92% straight-through processing · 4x faster adjudication · HIPAA-aligned workflows

Logistics - Autonomous operations

38% operating cost reduction · 500+ workflows automated · 24/7 autonomous coverage

The process - four moves

01 Discover Weeks 0-2

Outcomes, constraints, data reality mapped; ruthless scope agreed.

02 Design Weeks 2-4

Architecture and data contracts reviewed with your engineers.

03 Build Weeks 4-10

Weekly demos of working software, shipped in vertical slices.

04 Scale Ongoing

Hardening, monitoring, model drift alerts, 24/7 coverage.

Three ways to plug us in

Fixed Scope

Best for defined outcomes

Committed timeline and budget · weekly demos · UAT, handover, 30-day warranty.

Dedicated Pods · MOST POPULAR

Best for compounding velocity

Senior-only cross-functional pod · backlog-driven delivery · scale on demand · retainer pricing, pause anytime.

Staff Augmentation

Best for elastic capacity

Vetted senior engineers in your rituals · skills-matched in under a week · two-week replacement guarantee.

Let's build.
